ADRO — “Your whole day” (Gucci × Oura style)

9:16 vertical · 28 s · 31 shots · mostly eye-level POV, hands only sometimes · one busy Riyadh day · real Adro screens composited in edit

الفكرة: يوم كامل لشاب سعودي، مزحوم وحي: البيت، والحمام، والسيارة، والدوام، والجيم، والعشا مع أهله، والنوم. وفي الجيم **يفشل في العدّة الأولى**، ويرتاح، ويرجع يرفعها. القطع سريع جداً مثل Gucci، وكل لقطة تقريباً نص ثانية. وAdro موجود بشكل طبيعي على جواله طول اليوم. و**أول شي يسويه لما يقعد من النوم: يفتح الجوال.**

- **الكاميرا:** أغلبها من عيونه. يدينه تطلع أحياناً، مو طول الوقت. ووجهه ما يبين أبداً.
- **الانتقالات:** نفس طريقة Gucci: قطع على الحركة، والباب يفتح على مكان جديد، وقطع مع لفة الكاميرا السريعة، وتسريع وتبطيء، وترجيع VHS مرة وحدة.
- **الحمام مثلهم:** مغسلة دايرية رخام، وحنفية نحاس، وضوء ذهبي، وتصوير من فوق، والماي يجي على العدسة.
- **القصة في الجيم:** العدّة الأولى توقف في النص، والبار يرجع ينزل، وصاحبه يمسكه، وقطع. بعدها وقت الراحة في Adro يقول: "تنفّس. جرّب مرة ثانية." وفي المحاولة الثانية يرفعها.
- **مختصر:** الدوام صار دخول، ولقطات زحمة، وقصة الدونات بس. والمسا صار الكبسة وتصويرها بس.
- **شاشات Adro حقيقية:** الصفحة الرئيسية، والوزن، وتصوير الأكل، والمدرب الذكي، ووقت الراحة، وملخص اليوم.
- **لمسة إبداعية:** الدوايز. كل اليوم فيه أشياء دايرية: المغسلة، وغطا القهوة، وزر السيارة، والدونات، وصحن الطباشير، والأوزان، وصحن الكبسة. في الآخر كلها تومض ورا بعض، وتتجمع في نقطة زرقاء، وتصير دائرة شعار Adro.

```
Cinematic 35mm film look, vertical 9:16, mostly true first-person point of view through his own eyes with the camera moving like his head, the hero is a young Saudi man whose face is never shown, a plain matte black sport watch with no logo on his left wrist, warm tungsten and golden practical lighting with deep soft shadows, rich saturated ambers, brass golds, deep reds and dark greens with small cool blue accents, heavy soft film grain, gentle halation on highlights, shallow depth of field with creamy bokeh, energetic handheld camera, other people may appear but always in soft focus or partly out of frame, realistic skin texture, natural hand anatomy with five fingers, no text, no logos, no brand names, no readable screens

Phone shots: every shot marked APP uses a flat chroma-green screen, and a **real Adro screen recording** is tracked onto it in edit. Never let the AI draw the app.

Time	Beat	What happens
23.6–24.4	**Circles flash**	0.1 s each, every circle from the day flashes in order — basin, towel ring, start button, cup lid, donuts, chalk bowl, plates, kabsa platter — and collapses into one blue dot (#3355FF).
24.4–25.4	**Open ring**	The dot draws into the open ring. Never closes, never rotates.
25.4–26.1	**adro**	The ring slides into the “o” of adro (white wordmark, blue ring).
26.1–28.1	**Title**	Gucci-style spaced words: Your whole day. Coached. · then COMING SOON · then the Arabic line (IBM Plex Sans Arabic) يشوف يومك كله... ويدرّبك عليه.

TRANSITION GRAMMAR (from Gucci × Oura)

- **Match on action:** a move starts in one shot and finishes in the next.
- **Door cuts:** every door he pushes opens a new place (bathroom, gym).
- **Whip pans** bridge places (scale → car, highway → drive-thru).
- **Speed ramps** on the gym door and the second lift.
- **Graphic match** of circles from top-down shots.
- **One VHS rewind** at the donut box: the day rewinds and he chooses again.
- **Micro-cut bursts** (0.2 s) for the office rush.
- **Echo shots:** sink morning/night, nightstand morning/night.

SOUND

- A warm, groovy beat that speeds up from morning to the gym and calms down at night. Every cut lands on the beat.
- Foley in every shot: alarm, tap, water, engine, ice, pen, donut box, chalk, the bar shaking and dropping back, plates, family laughter.
- A tape-rewind sound on the VHS moment. On the missed rep the music drops out and only his breathing and the shaking bar are heard, then it comes back on the second try.
- Total silence when the lamp goes out, then a soft chime on the ring.

PRODUCTION & COST

- ~30 generations (the rewind and the ending are built in edit). 3–4 s each; only the best ~0.5–1.3 s is used.

- Start with one reference image (hand + watch + thobe cuff), used in every shot.
